Subject: DH Press Release 12.02.03 - Provision of Recombinant Clotting
Factors for Haemophilia Patients

Dear all

I have attached for information a copy of a Press Release we have issued today "Government invests an extra £88 million in haemophilia treatments". This announces new funding over 3 years to secure recombinant clotting factors for haemophilia patients.

If you need any further information please contact:

Jill,

Notice was not given on 7 February, and will not be given until PS(PH) clears this.

Can you use this (slightly amended) version from now on, please?

You said that copies of Y would be placed in the Library. What is Y?

Neil

Subject: Commons Statement and Lords Inspired PQ for 12 Feb -
Recombinant Clotting Factors for Haemophiliacs - announcement

Neil

I have attached a draft Commons Statement (Notice given on 7 Feb) and an inspired Lords PQ for Wednesday 12 Feb. This concerns an announcement that will be made that day (via Press Release) concerning Government providing £88m over 3 years for provision of synthetic clotting factors for haemophilia patients.

A draft Press Release will go to PS(PH) tonight for clearance. The last para of the Commons Statement and the 3rd para of the PQ is from the current draft press release, if the quote changes then these will need amending.

Jill
