Basingstoke
Hants

Our Ref: AH/1002/1051-rr

02 October 2002

Dear Dr Menser

Re: Mr GRO-A - D.O.B. GRO-A65

Your patient shown above has made a request to the Trust for financial assistance, which will be considered by our Trustees when they have all the information required.

Since on present policy payment of grants is almost invariably 'health-related', the Trustees require that the anonymous case summaries, which they receive in advance of their meetings, should contain up-to-date health information gathered in a consistent fashion.

The form has been designed to be completed in less than 5 minutes and should prove simpler than writing supporting letters. All information on the completed report will be treated in complete confidence and will not be shared with the patient concerned. Information of a complex technical nature will be given to our medical Trustee (currently Dr Winter of Canterbury) who will 'translate' it for the other Trustees.

I would be grateful if you could complete the enclosed form. A copy of Mr GRO-A consent is attached.

If for any reason you feel unable to complete the form, please return it to us rather than passing it on to a colleague to complete.

Yours sincerely

GRO-C

P.P.

Ann Hithersay
Chief Executive

GRO-C
