We need a few good arms!

Have you ever had hepatitis?
Have you ever been in contact with hepatitis?

Now, you can make it pay, as much as \$650 extra each month. And, at the same time, you'll be helping to contribute to the health and welfare of other Gay men.

HOW?

Your blood plasma contains various amounts of anti-bodies or antigens which are used in research and the production of a new Vaccine against hepatitis. A simple hour and a half procedure, whereby we extract your valuable plasma, is all it takes to not only put money in your pocket, but help other Gay men as well.

CHANCES ARE, YOU'VE GOT HEPATITIS

OR WERE EXPOSED TO IT

If you're an active Gay, you have an extremely high chance of getting Hepatitis. This disease can cripple you for months. It can hurt you, and everyone around you, for a lifetime. It might even kill you.

Yes, Hepatitis is a serious disease. But now there is something you can do to stop it.

HELP DEVELOP THE ANTI-HEPATITIS VACCINE.

At Alpha Plasma Centers we are collecting plasma for use in the development of a Hepatitis Vaccine that may one day stop Hepatitis dead in its tracks.

You or anyone you know who's had Hepatitis can help in our research by contacting an Alpha Plasma Center. At Alpha, giving this plasma is fast, easy and safe. We'll pay you cash if your plasma is acceptable. We will give you a free blood test to find out if you qualify.

Please, consider the danger of Hepatitis in our community. Your blood may

hold the factors we're searching for, so contact your Alpha Plasma Center today.
