Dr. Richard Lane,  
Blood Products Laboratory,  
Dagger Lane, Elstree,  
Borehamwood, Herts WD6 3BX.

18th December 1984

Dear Richard,

I am enclosing my version of the discussions last Monday 10th December. I would plan to send the document or something like this out to the Haemophilia Centre Directors and would be grateful for your comments as soon as possible. I understand that articles in newspapers are due and the Lancet Editorial should be out on 29th December. If you have any comments please let me know by letter or telephone as soon as possible.

With best wishes for Christmas and the New Year,

Yours sincerely,

GRO-C

A.L. Bloom
