19th November, 1984

Dear Richard,

Thank you very much for your letter and especially for setting up the meeting for December 10th. I look forward to seeing you and clearly the matter is of great importance and has certainly come to a head with the Australian experience and with the unfortunate death of the Newcastle patient. I am only glad that we had decided in advance of these events to take some action.

All best wishes,

Yours sincerely,

GRO-C

A .L. Bloom
