

WJH:WJH

6th September 1976.

Mr. J. Barnborough,  
Regional Transfusion Centre,  
Long Road,  
Cambridge CB2 2PL.

Dear Mr. Barnborough,

Factor VIII Distribution

Thank you for your letter of 26th August. I am glad I have been able to persuade you that there are advantages to distributing the commercial blood products as well as our own. The Department may, of course, find it difficult to organise this because of the method of financing through NHAs, although the Department is itself aware of the advantages of distribution through RTCs.

I look forward to seeing you sometime.

With kind regards,

Yours sincerely,

GRO-C

W. D. Haycock.
