SELF SUFFICIENCY IN FACTOR VIII FOR HAEMOPHILLIACS

PS(H) has seen your minute of 11 October and has commented:

"What in heavens name is going on at CBLA?

- it cost a kings ransom
- it fails to meet all targets

Should we rechristen it 'Nimrod'. (Next you'll tell me we have a doctor in charge rather than an accountant)"

PS(H) would like to see the report mentioned in paragraph 5 as soon as possible and would like it to be "crisp, simple and comprehensive. PS(H) would then like to have a meeting to discuss this.
