

GRO-C

14/10/68

son.

With reference to my minute to Dr. Maycock on 25th September about the capacity of the proposed blood products unit at Edinburgh you might like to know that after I commented on his draft letter to Treasury, Mr. Mitchell wrote to them on 11th October. Subsequently I discussed the situation with Mr. Langdon of Treasury and Treasury approval has now been given in principle to the Scottish proposal in a letter dated 24th October.

R. P. S. HUGHES
