Hello Campaigners,

Sorry to be sending quite so many emails at the moment.

[REDACTED] has asked me to let you know that in addition to the event on the 19th he will be making monthly trips to Andy Burnham's office and I will continue to hand in any letters to him that people have sent me on their behalf. He says; "People can e-mail letters to me and I will print and hand in at the end of every month.

But please can anyone enclose their return address so he can reply directly to them."

Quite few more people have also sent me permission to circulate their email addresses so I've updated the database(attached).

Best wishes,

Dan Farthing

Communications Manager

The Haemophilia Society
