

BAM/PL.

Ext. GRO-C

17th January, 1983.

Dr. Marsh,
Hall Street,
St. Helens,
Lancs.

Dear Dr. Marsh,

re: Mr. GRO-A
GRO-A Lancs.

As you know, GRO-A had an episode of acute hepatitis, which most likely was related to his factor infusions. He is now completely recovered and his liver function tests are essentially normal.

Yours sincerely,

DR. B.A. McVERRY.
CONSULTANT HAEMATOLOGIST.
