GRO-A,
Lancs.

Dear GRO-A,

Just to say that the tests show that the inflammation on your liver has more or less returned to normal.

I would like to see you just once again in February, and I would be grateful if you could attend my clinic on Friday, 11th February, 1983, at 10.30 a.m.

Yours sincerely,

DR. B.A. McVERRY.
CONSULTANT HAEMATOLOGIST.
