OXFORD HAEMOPHILIA CENTRE
CHURCHILL HOSPITAL
HEADINGTON, OXFORD

Dear Dr.

Re:

The above patient received treatment as detailed below at this Centre during the period 1972:-

This Centre is taking part in a survey arranged by the M.R.C. Cryoprecipitate Working Party in order to discover whether transfusion jaundice occurs in patients suffering from haemophilia or Christmas disease who have been treated with blood, plasma or plasma concentrates. If jaundice has not occurred, please complete and return the form at the the foot of this letter. If jaundice has occurred, we should be grateful if you would complete and return the attached Form 3 giving details of the illness. A stamped and addressed envelope is enclosed for your convenience.

Yours sincerely,

GRO-C

Secretary

Patient's Name:

Address:

Date of Birth:

The above patient was seen on:

The patient has not had jaundice since receiving treatment during the period
