Dear Dr Jones

AIDS, HEAT TREATMENT OF CLOTTING FACTOR CONCENTRATES AND HAEMOPHILIA

Thank you for your letter of February 18 enclosing information regarding AIDS and the heat treatment of clotting factors. This matter has been reviewed by the Committee on Safety of Medicines. After consideration of all the latest available data, the committee advised that there was insufficient evidence for action to be taken on any specific product.

Please be assured that the CSM is keeping this matter under continued review and will consider any new evidence as it becomes available.

Yours sincerely

GRO-C
