Dear Dr. Purves,

PL 0231/0044

HIGH POTENCY FACTORATE - SHELF-LIFE EXTENSION - BATCH V55910

We wish to extend the shelf-life of a batch of High Potency Factorate for a further period of twelve months to October 1983. This material is required urgently to fulfil commitments to our customers and we would be grateful if this extension could be made without resorting to re-assay as previously, bearing in mind the high degree of stability shown by batches whose shelf-lives have been extended in this way in the recent past (batches U1304, V36004, V44106 and V45508) and the data supplied in relation to overall extension of the shelf-life of the product.

I would be grateful if you could let me know urgently whether we may make this extension.

Yours sincerely,

GRO-C

W. J. TARDIT
