Dr. F.E. Preston,
Consultant Haematologist,
Royal Hallamshire Hospital,
Glossop Road,
SHEFFIELD, S10 2JP.

Dear Eric,

re: Research Project into Acquired Immune Deficiency Syndrome in Haemophilia

It was a great pleasure to meet up with you in Stockholm and I trust that you had an enjoyable and informative Conference.

On my return to the Office, I found your letter of the 22nd June relating to the above and since this is being financed from our Medical Department, I have forwarded your letter to Mr. R.B. Christie whom you met at Eastbourne and who is Director of Clinical Sciences. No doubt you will be hearing from him very shortly.

In the meantime, I understand that Helen is also arranging to come up to see you on the subject of the Protocol, but since she is not based in the Office, if you require any further information or assistance perhaps you could give me a ring.

Kind regards.

Yours sincerely,

GRO-C

C.R. Bishop,
Manager, Plasma Division.

cc: D.H. Ferguson
R.B. Christie - I will leave it to you to sort out the payments, which
H.L. Shaw I understand is against a budgeted £7,000 for 83,
H. Townsend £10,000 for 84 and £5,000 for 85.
Mike Cross - for information only
