Dr. F. E. Preston,  
Reader and Consultant in Haematology,  
Department of Haematology,  
Royal Hallamshire Hospital,  
Glossop Road,  
SHEFFIELD, S10 2JF.

Dear Dr. Preston,

Further to our telephone conversation yesterday and our visit to you in September, I confirm that we have now been granted our Clinical Trial Exemption Certificate by the DHSS and can proceed with trials to evaluate our Heat Treated Factorate to the protocol left with you for information.

The pharmacokinetic study will be underway shortly at Oxford and we are eager to commence the multicentre study as soon as investigators are finally in agreement with the study design and ethical approval has been obtained.

I would appreciate it if you could let me have your comments on the protocol, and I hope that you will feel able to participate in the study.

I would be happy to come to Sheffield and discuss the details of the protocol proposed, casebooks, supplies, etc. associated with the trial as soon as you are ready for such a discussion.

Kind regards,

Yours sincerely,

GRO-C
