Attn: Mr. Crossley

Dear Mr. Crossley:

We hereby request authorization to ship 7,000 liters of Fresh Frozen (Human) Plasma, collected from normal donors, per month for the next twelve months to Cutter Laboratories, Fourth & Parker Streets, Berkeley, California, 94710.

The use of this plasma will be for manufacturing purposes into Human Injectable Materials. The tentative port of entry of this product shall be San Francisco, California (air freight), or Miami, Florida (air freight).

Your prompt attention in this matter will be greatly appreciated.

Respectfully yours

GRO-C
