25th October 1984

Supply of Blood Products

It has been agreed that with effect from 1st December 1984, all of the blood products as identified on the attached schedule must be obtained from the N.I. Blood Transfusion Service and none should be purchased or obtained by a UMG directly. Local arrangements should be negotiated with Dr WM McClelland, Director, Blood Transfusion Service.

Inevitably new blood products will come on the market and the rule identified above would apply to such new products.
