

Survey of Patients Treated at Haemophilia Centres in the U.K.

ack 2/4

Annual Return for 1976of materials used to treat patients having haemophilia or Christmas disease****Centre: CAMBRIDGEDirector: DR. D.G. CHALMERS

Total number of haemophilic patients treated during the year*:

52 ✓

Number with Factor VIII antibodies:

1 ✓

Total number of Christmas disease patients treated during the year**:

25 ✓

Number with Factor IX antibodies:

Total amount of material used to treat these patients during the year:-

Type of Material Used	No. of bottles etc. used	Amount used (units of activity)	
		F.VIII units (for haemophilic patients)	F.IX units (for Christmas disease patients)
Plasma			
Cryoprecipitate	6755	472,880	
NHS Human Factor VIII Concentrate	12	3240	
Abbott Factor VIII Concentrate (Profilate)			
Armour Factor VIII Concentrate (Factorate)	115	27025	
Cutters Factor VIII Concentrate (Koate)	12	3000	
Hyland Factor VIII Concentrate (Hemofil)		73026	
Immuno Factor VIII Concentrate (Kryobulin)	74	15000	
Other Human Factor VIII Concentrate***			
Bovine/Porcine Factor VIII Concentrate			
NHS Factor IX Concentrate	195		140242
Commercial Factor IX Concentrate***			
Other Materials (please specify)			

* Please supply details on Form A(2)

**Please supply details on Form A(3)

*** Please give name of manufacturer and/or trade name of product

**** Please do not include von Willebrand's disease patients or carriers of haemophilia or Christmas disease on this form - see Forms A(4)-A(8).Deaths during the year:-

Dear Dr. Chalmers,

Re: Hepatitis Survey

NHD-10 3657
1/2919

I understand from Dr. S.H. Davies that GRO-A, a haemophiliac who is usually treated in Cambridge but attended the Royal Edinburgh Infirmary while visiting Scotland in July-August 1976, developed jaundice in February 1977. I have not yet received a report from your Centre regarding this episode. Would it be possible for you to let me have completed Hepatitis Survey Forms C and C3, please? I have details of the treatment MR. GRO-A received in Edinburgh.

Yours sincerely,

(Miss) R.J.D. Spooner
Research Assistant

Dr. D.G. Chalmers,
Department of Haematology,
Addenbrooke's Hospital,
Hills Road,
Cambridge,
