Delivered

Dear National Archives,

Almost 1 month ago I wrote you (REF: TNA1493598087D89) but I have received no response or reply despite attempts to prompt you and so I would expect this request to become a priority.

My query was in regard to record: DN 1/33

<http://discovery.nationalarchives.gov.uk...>

Your website states that this record is missing and was "Misplaced while on loan to government department".

Please could you confirm that this was the Department of Health (or if a different department) and when this loan took place?

I am now officially requesting this information under the FOI act.

Yours faithfully,

JJ Evans

GRS Orders, National Archives 1 June 2017

Dear JJ Evans,

I apologise for the delay in our response.

NOT RELEVANT

Having checked in the repository, I can confirm that document DN 1/33 was on loan to the Department of Health (to a now defunct subsidiary body, the Health Protection Agency). It was originally requisitioned by them on 11/01/2010.

I hope this answers your query. If you would like to give us some contact details, we can place a note on file to let you know if the document is subsequently located and returned to us?

If you do need to pursue this further, please be aware that to place an FOI request you can use the [1]form on our website.

Best Regards, Joe Henderson
