The planned inspection of Lessines by D.H.S.S. Medicines Inspectors for approval to source Hemofil from Lessines was postponed until September at Lessines' request.

We have now officially received confirmation that the Hemofil variation will not be approved until an inspection has been carried out.

Will E. Platteau please inform me, as soon as possible, of the earliest suitable date for this inspection. (Note: Approximately six weeks' notice minimum will need to be given to the Medicines Inspectors).

Regards,

GRO-C

C. Chard
