MATRON

HEAD

Dear Sirs

FILE

Thank ~~you~~ ~~OTHER~~ for your recent letter concerning the higher dosage of Factor VIII. Whilst I agree to the first part of your programme (the higher dosage) I do not feel I can give my permission to your other suggestion concerning the 'other substance' you mention. Before agreeing to anything like this I would like to know a lot more about this 'other substance', and for it to be tested at length, so I would ask you not to include GRO-A in your programme.

Yours Mrs

GRO-A
