I have had this back from the solicitor. If we agree to publish the apology with the word 'false', not incorrect we are there with no further costs/negotiating required. I know this was one Bernard was insistent on, but as long as our Barrister doesn't think it harmful, I would think it sensible to go with this. Our members and those who read the letter all know the truth..

so could you email me with your thoughts. I have copied Bernard in as he said he would check email, but I know he is skiing, so may not get this in time, we need to publish in 24 hrs.

Thanks

Liz
