Dear Arthur,

I have been asked by the Chairman, on behalf of the Council, to write expressing our deep thanks to you for your excellent talk on AIDS at our Council Meeting on Saturday 8th October.

As I am sure you have gathered, this was a most useful session and did help us considerably to allay unfounded fears held by a large number of our members. I happen to know that people arrived at the meeting quite prepared to take up cudgels and create war within and against the Executive Committee! Happily, in the event, this did not happen since people had AIDS put in to a helpful perspective which can only benefit relationships between the Society, its Groups, and its members.

With our grateful thanks and best wishes

Yours sincerely
