Dear Harold,

Colin has left to attend the AABB meeting in New Orleans. In his absence I have obtained a copy of his reply to Bill Wagstaff's letter of 7th June. He does not appear to have replied to the second letter dated 6th July.

I can find no evidence that the AIDS leaflet made available to Blood Transfusion Centres during 1984 was formally issued to donors. Indeed the first time the AIDS leaflet was sent to donors individually with their call up card or as a hand-out at sessions was in March 1985.

We will continue to search through our records for any further information.

Yours sincerely,

GRO-C

M.M. Fisher
Deputy Director/
Scientific Services Manager
