Dear Yvette,

Re:

GRO-A	D.o.B.	GRO-A	57
GRO-A			

Thank you for passing on the bad news of a patient with von Willebrands disease who has recently contracted Non A Non B Hepatitis from cryoprecipitate.

As I predicted it was passed on to me to deal with. Hopefully it would appear that the Caesarian Section was a recent event, and with any luck we should still have all the recent sera stored.

Yours sincerely,

GRO-C

Dr. V.J.Martlew,
Consultant Haematologist.
