GRO-A

Dear Angela,

Re: **HCV Lookback.**

Ms GRO-A - dob GRO-A 59

GRO-A

Essex. GRO-A

The above-named has been confirmed anti HCV positive on testing at this centre in 1993.

From our records it appears that she gave previous donations in your region before then.

You may therefore wish to include these donations in your lookback exercise. I hope you can trace the necessary records.

With best wishes.

Yours sincerely

GRO-C

Dr P E Hewitt
Acting Medical Director
