WR NKA

Pt needs TIPPS now - to re-fax Dr GRO-D MRI

" GRO-D " - unable to be d/c as reaccumulating
→ 4/1/11 appointment so quickly due.

Olw family - explained advanced disease
transplant - illness has gone too far
needs transfer to MRI - made no promise this would happen
if continues without intervention - may not
live to Christmas.
DNAR being considered by family

Imp = portal vein thrombus

AFP = 12 (15/10/2010)

A/w USS doppler portal vein.

Plan

Daily bloods
DNAR in place
