Subject: Product Recall Incident No. PR 97/205/19

Product Recall

In accordance with instructions received from the MCA, based upon new advice received from the CPMP, Bio Products Laboratory have initiated a recall of the following product which your organisation has received. The recall is a precautionary measure only related to post donation information. Subsequent to donation the donor was found not to have met the current health requirements for C-JD. The advice from the Lothian Ethical committee is that the recipients (patients) should not be informed that product that they have received has been recalled for this reason.

Product Names:	batch	dose	expiry
Factor VIII type 8Y	FHB4419	500iu	06/06/98
Human Albumin Solution Zenalb 4.5	ADA0529	500ml	14/11/97

Quantity, Batch number(s) and date(s) of dispatch to you:
278 of FHB4419 on 14/9/95

You are kindly requested to return any remaining stock that conforms to the above batch details.
If you have no stock left you should confirm that in writing.
Please recall any of the above material that you have supplied.
Action under the recall should be completed within 48 hours.

Please note that before returning any stock to BPL you must contact our sales office on 0181 258 2251 or 0181 258 2267 to arrange return and delivery of replacements. We will, of course, replace such stock free of charge.
Product is to be returned to our Dispatch Department, labelled with Incident Number PR 97/205/19 and containing the senders name and organisation.

We apologise for any inconvenience that this recall may cause you.
Yours sincerely,

Pam Hurd
Customer Services Manager
