GRO-C

Dear Angus

You were seen in the joint Liver/Haemophilia Clinic in the Haemophilia Centre on the 12th of September. At that consultation we discussed about your relapsed hepatitis C and the options for re-treatment. Dr David Patch also wanted to do a transjugular liver biopsy and he is in the process of arranging that. Since that time we have made application forms for funding of your re-treatment. I am pleased to say that your PCT has now agreed to fund you for the relapsed hepatitis C infection.

I would be grateful if you could kindly make an arrangement to come and see me on a Tuesday Clinic sometime early next year to discuss about re-starting therapy.

Kind regards.

Yours sincerely

GRO-C
