Mrs S Squires

GRO-C

Dear Mrs Squires

Thank you for your letter.

Of course you can see your son's medical records. I think probably what would be best is if we met with Peter's notes and we could go through the various medical problems and if you in turn want to have a photocopy of any of those records, we can provide you with that.

I fully understand and I suggest we meet at 2:00 pm on Wednesday 12th April – if this is not convenient, please call my secretary to re-arrange it.

With kind regards

Yours sincerely

GRO-C

Dear Professor Christian Lee,

I am writing to ask you if we can have or see my son Peters Medical records. I am having a bad time coming to terms with his death, I never realized our son was so ill at the time and the things we heard from the Coroner were very up setting.

If my son signed a paper saying he didn't want us to know just how ill he really was I would like to see a copy as he never said he had done so and always said that I could ask about his treatments, but even after his death we were told it was Private and Conventional surely after his death it is still not the same rules. I am not able to forget

the way my son died or the way we found him, not knowing that I maybe could have helped him, had I known the extent of his condition.

I hope you can understand my feelings on wanting to know more about my son's treatment that he had, even though it's of no help to him but could be to me.

I await your reply.

Yours Faithfully

GRO-C: Mrs Squires

26 / 04 / 00 | Mr & Mrs Squires came to discuss illness.
Seen with Patricia Hiley.
I have agreed to send copies of notes
+ correspondence.
