24 MAY 1999

GRO-D

Dear Paul,

I was sorry to hear that you were unaware of your Hepatitis C status.

As per our telephone conversation of Wednesday 12th May, I enclose a copy of the correspondence dated 4th November 1997 sent to your GP following your assessment for single lung transplantation.

If I can be of further assistance, please do not hesitate to contact me.

Yours sincerely

GRO-C

Jan Baines
Senior Assessment Co-ordinator

Mr. Le-Bourn had a lung transplantation assessment during the first week in October 1997. His virology screen has now revealed that he is positive for Hepatitis C antibody. His Hepatitis B surface antigen and HIV 1 & 2 are negative.

I would be grateful if you could bring this positive result to Paul's attention along with the necessary counselling.

Many thanks for your help in this matter.

Chief Physician
Keith McNeil

Yours sincerely,
