GRO-C

Dear Mr VAGTERA

I am sure you are aware of the recent publicity about Acquired Immune Deficiency Syndrome (AIDS) and the possible risk of this occurring in haemophiliacs using Factor VIII concentrate.

We would like to monitor all our haemophiliacs because of this and would therefore be grateful if you could attend the Blood Bank, Walsgrave Hospital on JULY 12th between 9 - 9.30 a.m. for a blood test.

We shall then be able to see you with the results of the test in the Haematology Out-patient Department, Coventry & Warwickshire Hospital on JULY 14th at 3.15pm.

If there is any problem with the above dates could you contact Ext. 5001 at Coventry and Warwickshire Hospital.

Sincerely,

GRO-C: Dr M.D. Williams
