Dr M S Feld

GRO-C

Dear Dr Feld

RE: William Murphv

GRO-C

Liverpool **GRO-C**

This gentleman recently had a hernia repair under the care of Professor Shields, and this seems to be settling quite well. The other problem is that his scrotum is still very hard and rather tender. Mr Hartley, one of the surgical team, was kind enough to review him today, and felt that this was largely a mixture of fluid and old blood, and would resolve slowly but might take several months. He told Mr Murphy all of this, and we gave him some analgesia in the meantime.

We have arranged an ultrasound of the scrotum to be sure that there is nothing else going on, and he will be reviewed by the surgeons in 10 days, and ourselves in 3 weeks.

Yours sincerely

GRO-C

Rod Johnson
