**HEPATITIS C PAYMENTS SCHEME**

I attach the correspondence between M(H) and Ministers together with SofS's comment. PS(H) also noted the line taken.

I have written to both Carolyn Fairbairn and the territorials today. I amended the original submission slightly to put it in such a way that Ministers do not appear to be at odds with one another; nor do I wish to spell out their concerns on paper. I will have a word with No 10 on the phone and explain the background more fully to territorial colleagues.
