Dear John,

Factor VIII allocations for financial year 1990/91

Haemophilia Directors in Scotland have considered how the 8 million units of SNBTS factor VIII should be distributed during the next financial year. We have agreed to request distribution as follows:

Aberdeen	600,000 iu
Dundee	600,000 iu
Edinburgh	2,100,000 iu
Glasgow	4,300,000 iu
Inverness	400,000 iu

You will observe that this is very similar to the distribution during the current financial year. I hope these allocations are viewed as reasonable and that SNBTS would be agreeable to them.

With best wishes,  
Yours sincerely,

GRO-C

C.A. Ludlam,  
Chairman,  
FVIII Working Party.
