Dear Frank,

Will do. Have you heard anything further about a blood test for VCJD. I have had a letter demanding testing from an activist patient (not one of mine) who says that the web tells him there is a validated test available.

Best wishes,
 Charlie

Importance: High

(Dictated by Prof. Hill on 25.06.08.)

Dear Charlie,

I am hoping to come to the Advisory Committee Meeting on 7th July but will arrive after the start of the meeting. Can you ring me one evening ([GRO-C]) so that we can discuss proceeding with the chairman for the TTI Working Party, etc.

Kind regards,

Frank Hill

Pat Mann

Secretary to: Dr. M.D. Williams
Consultant Paediatric Haematologist
Birmingham Children's Hospital NHS Foundation Trust
Steelhouse Lane
Birmingham, B4 6NH.

Dear Frank,
 I know you are planning this meeting. I suspect we will finish the main advisory at 3. Could you present the TTI WP to the advisory in the afternoon?
 Hope you are well.
 Best wishes,
 Charlie
