Answered on

11 January 2023

I made a statement in the House on 15 December, providing an update on the Government's preparations for the conclusion of the Infected Blood Inquiry, due to report later this year - including our work in response to the Compensation Framework Study.

A cross government working group coordinated by the Cabinet Office is taking forward work informed by the Study's recommendations, including the establishment of an arm's length body.

We will continue to update the House on progress on the Government's response to the Study's recommendations.

Named day

Named day questions only occur in the House of Commons. The MP tabling the question specifies the date on which they should receive an answer. MPs may not table more than five named day questions on a single day.
