Hi

Hope it's all going well with [redacted] **GRO-C** I have responded to Doodle Poll and entered 'Holds' into your diary. A thought struck me, should Paula Johnston be invited? Or not at this stage?

Best regards to you all

Subject: URGENT - Availability for Meeting re Infected Blood Inquiry

Importance: High

Dear colleague

I refer to Richard Pengelly's letter on 24th August 2018 (attached) in respect of the Infected Blood Public Inquiry.

The purpose of this email is to check your availability for a meeting to include core participants, HSC organisations and legal team to discuss the Inquiry and ensure effective lines of communication and co-ordination between ourselves and the Inquiry Team.

To that end, grateful if you could indicate your (or your organisations representative's) availability on the dates listed at the following [Doodle Poll link](#).

Grateful for responses by close of play on **Wednesday 3rd October.**

Kind regards
