Statement No: WITN2536001
Exhibit: WITN2536002
Dated: 27th March 2019

INFECTED BLOOD INQUIRY

EXHIBIT WITN2536002 OF SYDNEY PRICE

Price, Sydney

Date of Birth: **GRO-C** 1939

CHRONOLOGY

<u>Date</u>	<u>Incident</u>	<u>Page No.</u>
17.11.1964	Blood transfused Batch numbers	1.895
23.10.1976	Van Willebrands disease results	1.863
16.03.1977	Allergic reaction to the transfusion. Cyro given needed adrenaline	1.862
08.03.1979- 11.05.1984	Cyro given	1.837-1.855
21.06.1979- 20.04.1990	Blood transfused Batch Numbers	2.1083- 2.1219
13.08.1979	GP notes: 'I have told her quite firmly that she has had a bout of Hepatitis which has been responsible for most her symptoms'.	1.857
15.08.1979	Viral hepatitis	1.19
15.08.1979	Viral hepatitis	2.3596
29.07.1982- 15.12.1988	Cyro given	2.70-2.73
03.07.1983	Cyro given	2.292
03.09.1983- 08.04.1986	Cyro given	2.513-2.641
19.09.1983- 11.09.1984	Cyro given	2.293-2.309
02.06.1984- 17.05.1985	Cyro given	1.831-1.835
28.12.1984- 24.01.1988	Cyro given	2.82-2.84
