This is the exhibit marked "WITN3095001/10" referred to in the first witness statement of Jennifer Moira Cross dated 23 May 2019

William Spellman, 18/12/1943, NHS No.4227741688

11/12/2007

# Referral

I think we should transplant William Spellman, alphapheta protein notwithstanding. Could you do the last few tests that need to be done while I work up his sister as the donor. She is blood group  and he O. He has low titre anti A (1/8 1mg + IgG). Could we put him on the list for blood group incompatible transplantation?
