INFECTED BLOOD INQUIRY

WRITTEN STATEMENT OF RICHARD LEE

I provide this statement in response to a request under Rule 9 of the Inquiry Rules 2006 dated 4 February 2021

I, Dr Richard Lee, will say as follows: -

Section 1: Discussion between Professor Flute, Dr Bevan and myself regarding the use of cryoprecipitate

1. I have been shown a copy of Dr Bevan's answer to Question 18(a) in his witness statement (WITN4106001). I have also been referred to an extract from the transcript of Dr Bevan's oral evidence given to the Inquiry on 12 January 2021 at pages 65 – 70.

I have no recollection of any such conversation from 1983. The description of the conversation is highly plausible.

Section 2: Other issues

2. There are no other relevant issues.

Statement of Truth

I believe that the facts stated in this witness statement are true.
