Private & Confidential

Mrs C McLaughlin

GRO-C

Londonderry

GRO-C

Dear Mrs McLaughlin

I write to acknowledge receipt of the patient confidentiality statements relating to yourself and your children, GRO-C and GRO-C which you sent to several officers in the Belfast Health & Social Care Trust via email on 12th September 2022.

As you know, your care and that of your two children has now been transferred to the Royal Free Hospital in England and as such, you are no longer under the care of the Belfast Haemophilia Comprehensive Care Centre. We therefore no longer access your medical notes and do not have the ability to process these statements as you have requested. It would be best to share these statements with your General Practitioner.

Yours Sincerely

GRO-C
