Dear Jane

I have now received the results of your further blood tests which confirm that you have Hepatitis C. I have enclosed a leaflet that explains a little about this condition. However in recent years there have been improvements in terms of the care and it is possible that you may be offered active treatment. As such I have referred you on to our local specialist at The Royal Bournemouth Hospital for further advice.

Obviously if you have any concerns regarding this please don't hesitate to contact me.

Many thanks.

Yours sincerely

DR NIGEL COWLEY

Dr Nigel Cowley - Dr Christina Fila - Dr Nick Kennedy
