Mr Moses Warburton
Outpatients Manager
Gray's Inn Division
Royal Free Hospital

Dear Moses

Angus STEWART, dob [GRO-C38]
[GRO-C] London [GRO-C]

This gentleman missed an appointment for unstable angina because he was not notified by the Appointments Office in March of this year. He had filled out the appropriate forms and returned them as requested after he was unable to make a January appointment but therefore everything seems to have fallen to pieces. I have had a distressed letter from his GP because his condition has deteriorated markedly while we appear to have been sitting on our hands!

Yours sincerely

[GRO-C]

Dr [GRO-D]
Consultant Cardiologist
