Dr T Whitaker
Longsight Health Centre
526/528 Stockport Road
Longsight
Manchester

Dear Dr Whittaker

RE: Brian Ahearn DOB: GRO-C55
GRO-C

This patient with severe haemophilia A remains well. On this occasion his liver, spleen and lymph nodes were not palpable and there are no skin rashes.

He will be reviewed again in a further twelve months time.

Yours sincerely

R T WENSLEY
Consultant Haematologist
