Alan [REDACTED]

Thank you for your letter dated 7th June 2002 expressing your concerns over the lack of blood product records relating to your care in 1982.

I have consulted the Haematology Department as well as our Records Department and I have to confirm that the Trust only holds patient issue records for blood products as far back as 1989. We genuinely do not have any records from earlier than 1989.

Dr Taylor is happy for you to contact him at Pembury Haematology Department ext.3257 if you would like to discuss this issue further.

Yours sincerely

GRO-C
