Dear Mrs V [REDACTED]

Thank you for your letter. With reference to the Factor VIII you received on the 15th to 16th of December 1982. Our Blood Transfusion Unit only holds patient issue records for blood products as far back as 1989, therefore I am unable to give you batch numbers for 1982. The only additional information I can give you is that all our Factor VIII concentrate stocks prior to 1989 were received from either the Blood Transfusion Service or from the commercial company called Immuno. It is not possible to identify from which source you received the Factor VIII.

I am sorry not to be more helpful but if you wish to contact me and talk about it please contact me directly.

Yours sincerely,

GRO-C
