30 January 2001

Dear Ms. Chambers,

Thank you very much for telephoning me last week to advise us of the current position of our request for Recombinant Factor VIII on behalf of our son, Nick Hirsch.

Professor Lee has kindly sent me a copy of her response to you. Whilst I fully understand Professor Lee's detailing of the current situation with regard to Recombinant supply, I can only emphasize that my request was for agreement in principal to fund Recombinant for Nick. The question of supply would be secondary and were the funding in place when the treatment is again sufficiently available, Nick could be phased in.

My understanding is that the supply of Recombinant has been restricted at times but that this is not a constant situation.

I look forward to hearing from you again before too long.

Yours sincerely,

Della Hirsch

c.c. Professor Christine Lee
