Dear Dr. Waiter,

Just returned to my office I want to thank you very much for the warm reception and the interesting discussions during that very well organized meeting at your office on February 14th.

Enclosed please find that formal letter which I intended to send to the British authorities after we had found the appropriate distributor for the distribution service of our products to the United Kingdom. Actually we are in contact with some companies and as soon as we have a decision we'll keep you informed about the change.

For the period of transition ABBOTT and ALPHA Therapeutic agreed in a close co-operation, i.e. ABBOTT will supply our AHF-customers under the existing registration approval.

During our discussion I received some very interesting ideas from my interlocutors and may I ask you to pass my thanks to these gentlemen of the DHSS, too.

I noticed that DHSS will discontinue the AHF-tender contract and that local authorities will take over the responsibility and decision for the purchase of Anti-Hemophilic Factor.

We are thankful for the past co-operation and look forward to a good relationship in future,

Yours faithfully,
ALPHA Therapeutic GmbH
